Guidelines for Use of Division Social Media Accounts by the Board Chairperson

Background

At the January 2022 Regular Board Meeting, the Livingstone Range School Division Board of Trustees passed a motion allowing the Board Chair to become an administrator for the School Division Social Media accounts for the purpose of adding or removing approved posts in emergent situations. The Division recognizes that parents entrust the School Division with the duty to educate their children, and that the use of the Internet and electronic social media has the potential to affect this trust.

Guidelines

The Board Chairperson

- a) will not disclose or post confidential student information, images, or confidential school, department or personnel records.
- b) acknowledges that all information posted to sites is subject to the provisions of the Freedom of Information and Protection of Privacy Act
- c) will be expected to adhere to the ethical and legal use of technology as detailed in documents such as the Education Act and the Criminal Code of Canada.
- d) will sign the jurisdictional "Network Responsible Use Agreement" form as this will be considered the base standard and guiding document for network use.
- e) will take reasonable precautions for the security of personal information contained on mobile devices and cloud resources (e.g., laptops, mobile storage devices, and Phones), in accordance with the Freedom of Information and Protection of Privacy Act (FOIPP) and the Criminal Code of Canada
- f) will not use network resources to bully or harass any person. Bullying is more than just physical – it includes personal attacks, intimidation, gossiping, humiliating, negative comments, threats, harassment and other unkind online activity.
- g) When emergency action is taken the board chair must immediately inform senior admin, and all trustees through email of the action taken. The situation must also be added to the next Meeting of the Whole agenda as a discussion item.

Network resources are the property of the school division. Within the parameters of FOIPP, and any other relevant legislation, the Division Technical Services Department may review files and communications to ensure system integrity and responsible use of resources. Any breach of appropriate network use will be considered a breach of code of conduct and will lead to appropriate disciplinary action by the Board of Trustees.
