

COMMITTEES OF THE BOARD

The Board may establish committees to assist it in carrying out its work. Committees can perform any of the following functions:

- be empowered to act on behalf of the Board;
- conduct research and report back to the Board with recommendations;
- perform a liaison function.

The Board will determine all committees including purpose, powers and duties, membership and meeting requirements.

Committee membership will be established and/or reaffirmed at the Organization Meeting through a process that involves all Board Members. In the year of an election, the timelines for the process of determining committee membership may be extended four weeks following an election. That process will consider trustees' knowledge, experience and interest pertaining to the terms of reference for each committee.

Once all committee memberships are determined, committee chairs and recording secretaries will be named through a nomination process within each committee. The former committee Chair may join the first committee meeting for transitional purposes and Terms of Reference should be reviewed.

The Board Chair, at his/her discretion, shall act as an ex-officio member of all committees except for the Audit Committee and the Labour Relations Committee.

A record of decisions will be kept for each committee meeting, submitted no later than one week after the meeting date to the Executive Assistant and Board Chair and will be reported at a regular Board Meeting.

Trustees elected to a committee are expected to attend all meetings. Should a trustee not be able to have a specific meeting they are to inform the Chair of the committee.

If a trustee is unable to fulfil their committee commitment and a change is considered, it will come to the Board.

Committees may be standing or ad hoc in nature.
