

Livingstone Range School Division #68

Superintendent's Report

January 13, 2015

Happy New Year and welcome back! After a very busy 2014, I am sure all enjoyed a deserved break over the holidays. 2015 promises to be a busy year that is filled with great opportunities and some challenges. Changes to the Education Act, Inspiring Education, High School Redesign, Curriculum Redesign and strengthening Literacy and Numeracy processes all promise great opportunities for us but challenges from these and other areas will also place a strain on the system. Given the dedication and strength of the LRSD Staff I have no doubts that we will seize the opportunities and overcome the challenges to ensure our students receive a great education and learning experience.
