

...a model for change in Alberta schools ... **Moving Forward** with **High School Redesign**

DATA...

What data are we collecting?

What is our data telling us?

ANALYZE...

What is working?

How do we know?

What isn't working? What changes may be required to make it work? Should we stop doing it?

What are our next steps?

EXPLORE...

Based on our data, what do we want to do differently?

Where are we going to start?

What is our first step?

IMPLEMENT...

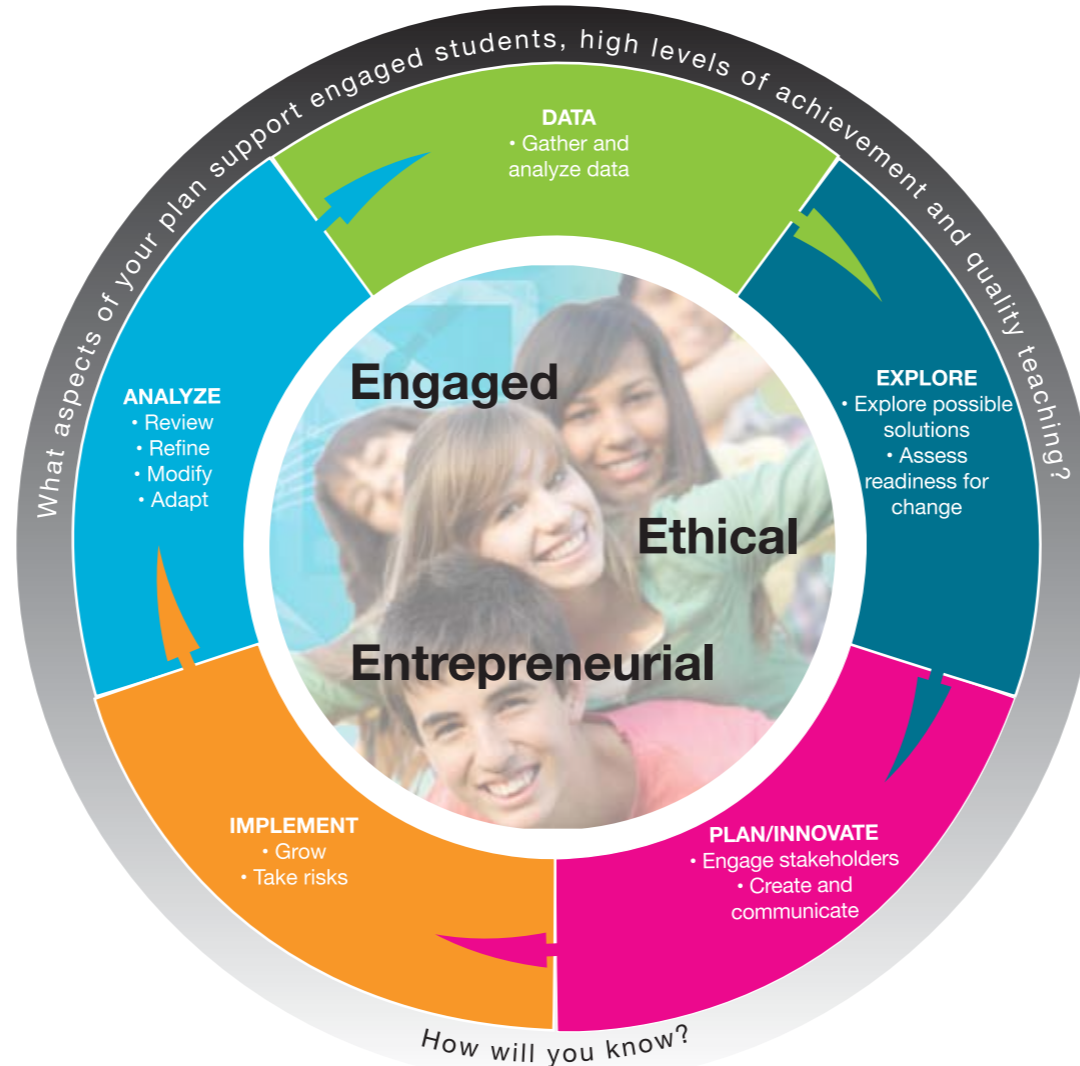

What risks are we willing to take in order to grow?

What will we accept of evidence of growth?

PLAN/INNOVATE...

How are we involving our community?
How will we continue to involve our community?

How are we engaging with our education partners?

• engaged students

• high levels of achievement

• quality teaching
