Welcome and Introductions

Kevin Verberk and Shannon Fraser, LRSD Behaviour Support Team gave a presentation on the Division Priority 2 - Success for all Learners.

As a parent what are you looking for as the role as a parent?

- How in the plan can a parent be active?
 - They make sure there is good communication, input and support
- What if parents are contributors to the behaviour?
 - Does not work to confront the parent; try to work with what is successful with the relationship because in the end we/they want what's best for the child.

Alberta School Councils Association - Lori Hodges talked about the resolutions and how important it is to get our votes to the AGM and to make sure the councils go through them. Also talked about the 500 for school councils to go.

Next Meeting Date: April 10, 2018
