Tutoring

WHY TUTORING?

- Individual instruction where it's needed most
- Vetted tutors are knowledgeable and safe
- Convenient online instruction at affordable rates

CONNECTING TEACHERS & STUDENTS

LRSD Pursuits Tutoring connects vetted tutors with families who want to hire a tutor for their child that would benefit from additional one-on-one instruction.

Tutors and students connect online at a time and for a fee agreed upon by both parties.

LRSD Pursuits provides this connection service free of charge; families pay the tutor directly.

TUTOR DIRECTORY

Visit our online directory of tutors with their subject area specialties to find the right fit for your child. Then contact the tutor directly to discuss your child's needs and options for their learning.

GET STARTED ANYTIME

Tutors are available for student instruction anytime — including summer months. Individual tutors' schedules will vary.
