

Agriculture is moving fast. Are you ready to keep up?

Precision Agriculture Techgronomy Diploma

**ATG 1008 / TERM: WINTER 2022
SOLVING TECHNOLOGY PROBLEMS**

Feb 14 - May 6, 2022 | Asynchronous

Students will engage in the problem-solving process using current hardware and software tools for applied data-driven problem solving. Through data analysis, algorithmic problem solving, and technical memo writing students will work to solve a technical agricultural issue.

EARN COLLEGE CREDITS IN HIGH SCHOOL

The Olds College Precision Agriculture Techgronomy Diploma prepares graduates for entry into careers that bridge the gaps between agronomy, agriculture machinery management, and data sciences caused by the rapid evolution of high-speed technology.
