

Land & Water Resources Diploma

EARN COLLEGE CREDITS
IN HIGH SCHOOL

Prepare for a career in the reclamation industry by helping to ensure disturbed or contaminated land is put back to its original state. Reclamation has become big business, especially in Alberta, B.C. and Saskatchewan. As oil and gas, mining, agricultural, forestry and urban development activities thrive all over western Canada, there are many employment opportunities waiting for you.

EVS 1210 / TERM: WINTER 2022 APPLIED ECOLOGY

Feb 14 - May 6, 2022 | Asynchronous

This course provides an introduction to ecological principles at the species, population, community and ecosystem levels. Specific application of ecology to sustainability and the management of forest and grassland ecosystems are studied.
